PROJECTS

www.gatisofttech.com As part of my undergrad course in the 6th semester, I interned in Gatisofttech and was assigned the project to develop a responsive website of the company itself. My role was to work as a Full Stack Developer. My responsibilities included creating a fully responsive and dynamic frontend and provide support to it by building with a reliable backend. I worked on multiple modules such as Careers module, Blog module, Portfolio module, etc. I performed web hosting of the website. I had used technologies such as HTML, CSS, JavaScript, Laravel(PHP) and frontend templates. <i>Guide: Mr. Meihol Jhaveri</i>	(Jan, 2017 - Jun, 2017) Team Size - 3
